# INTRODUCTION

**“Never doubt that a small group of thoughtful committed people can change the world: indeed, it’s the only thing that ever has.”**

With the conception of the idea in the year 1999 for post conflict environment management, Horizon Group was founded as an ex-serviceman's endeavor in the year 2001. The Group comprises not-for-profit (NGOs) and service provider organizations. Conceived with the insight that landmine and EO (Explosive Ordnance) clearance is an area where ex-servicemen naturally excel, given their training as military engineers, Horizon Group has built its mission around leveraging this specialized expertise to address humanitarian needs in conflict zones.

HORIZON (Organisation for Post-Conflict Environment Management – OPCEM) is India's first NGO founded for working in this field by retired senior Indian Army Officers with the primary focus on Humanitarian demining.

To further its mission and ensure sustainable operations, Horizon Assignments (India) Private Limited was established in 2003 as a service provider adjunct to Horizon OPCEM. It serves to further the Group's humanitarian goals and broaden its operational capabilities thereby offering targeted interventions in regions recovering from war and violence.

In 2023, the Horizon Safer World Foundation was incorporated as a not-for-profit entity focused on Landmines and Explosive Ordnance clearance, as well as promoting broader social welfare initiatives in post-conflict settings.

Driven by its founding vision and empowered by the dedication of skilled professionals across the globe, Horizon Group has grown into a trusted international organisation in post conflict management.

Under the Horizon umbrella, we have multiple verticals with meaningful contributions including soil washing and remediation, EOD and security training, civil works, solar energy initiatives, and cutting-edge advancements in graphene technology.

Today, the Group operates across several countries, delivering integrated, future-focused solutions that go beyond Mine Action to support a broad spectrum of humanitarian, developmental, and resilience-building efforts in line with the UN Sustainable Development Goals.

## VISION

Our Vision is of a Safer World where every conflict-affected community is transformed into a beacon of hope and opportunity.

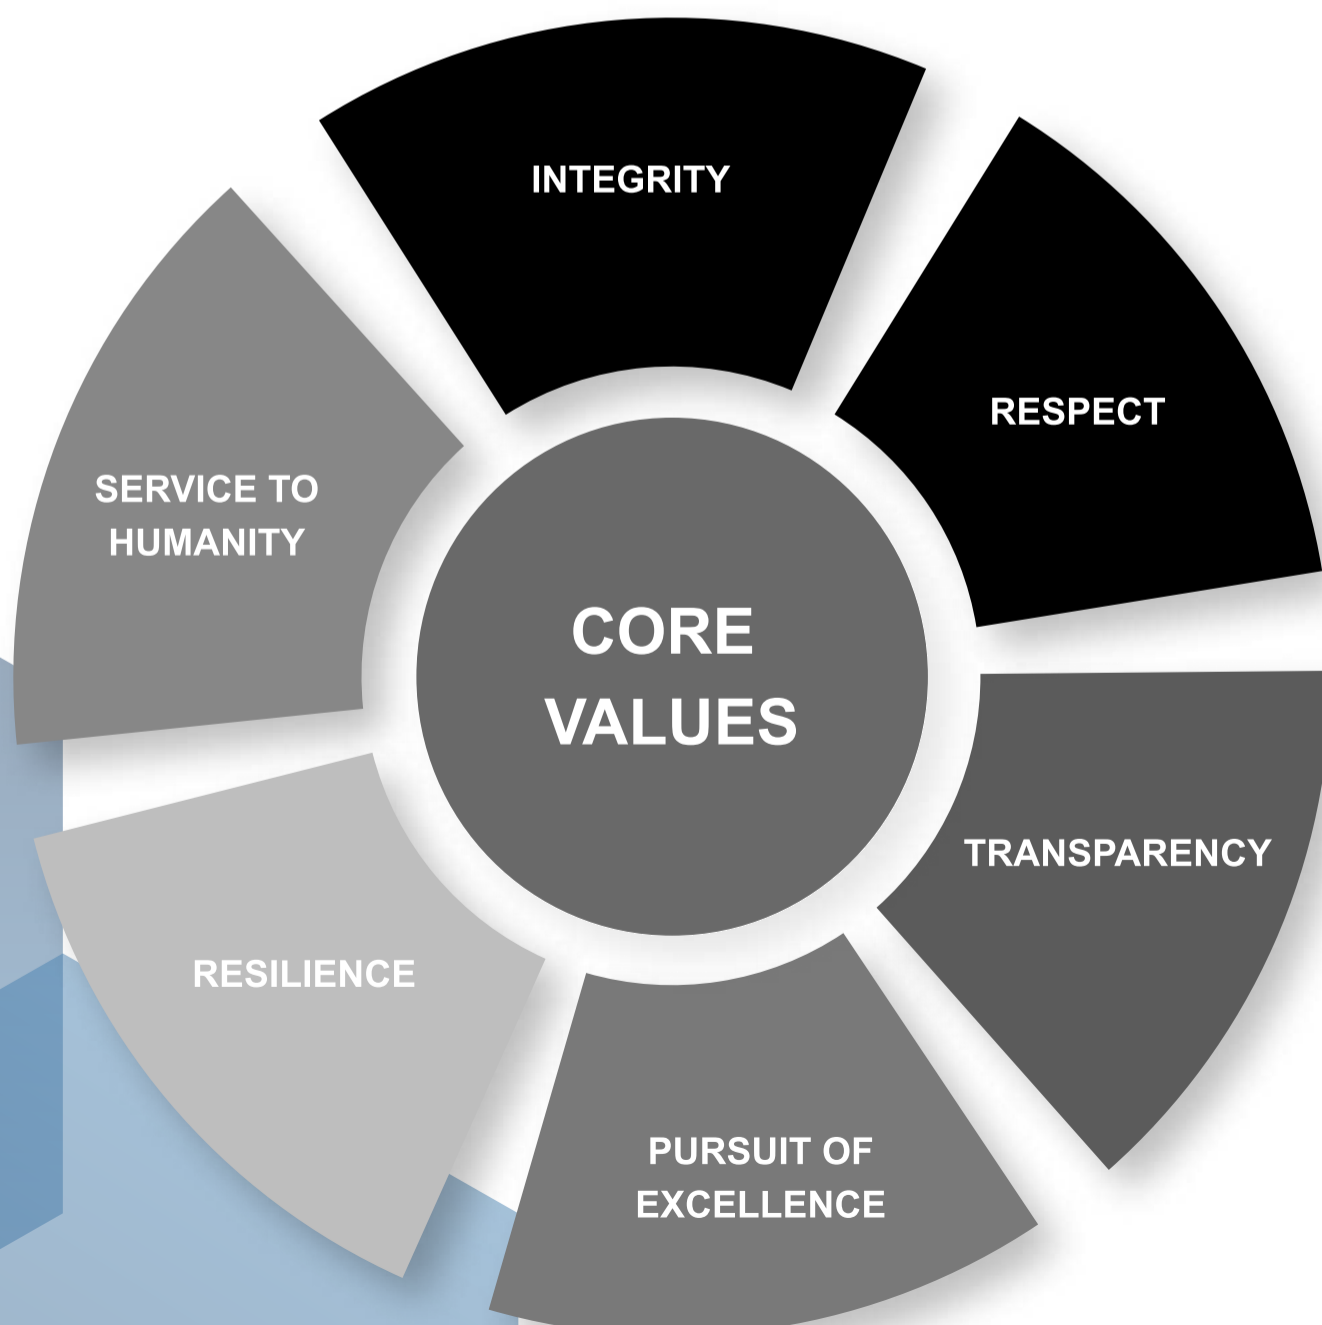

## MISSION

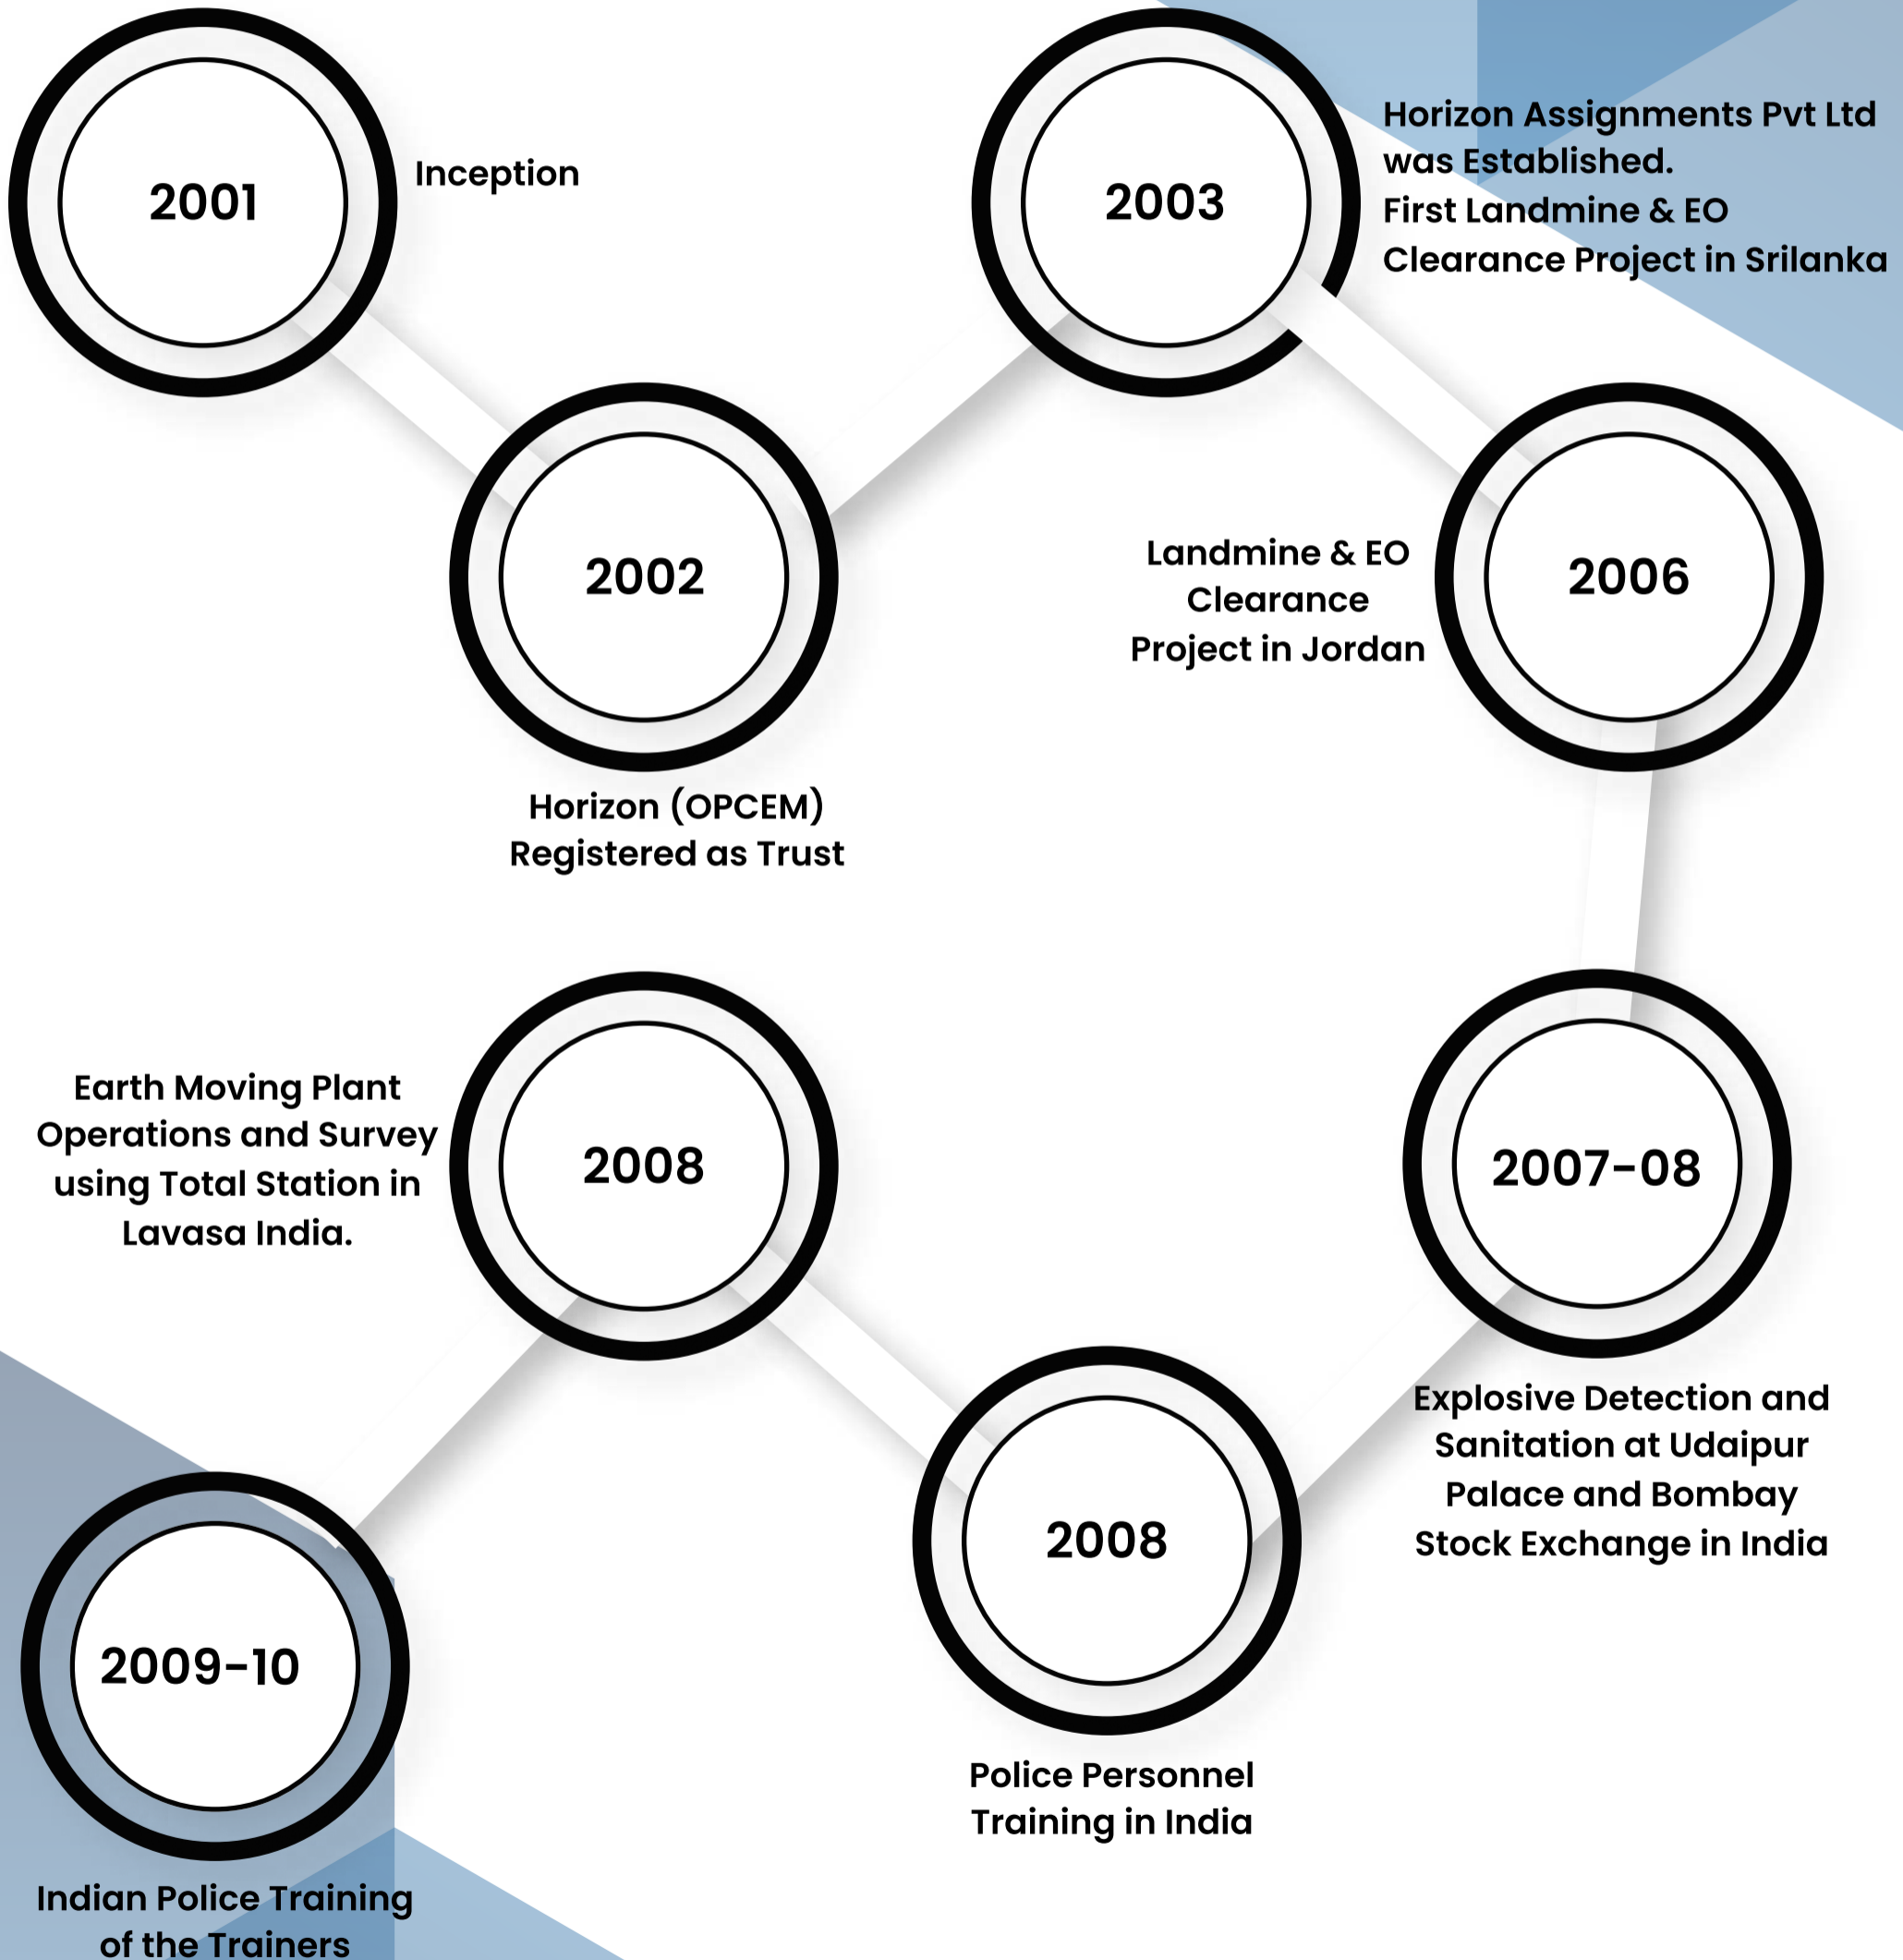

To create safer, thriving communities by making land safe for use and restoring hope and security in conflict-affected areas through the deployment of highly motivated and skilled personnel.

# OBJECTIVES

- Conduct humanitarian demining and explosive ordnance disposal to restore safe access to land and promote lasting peace in conflict-affected areas.
- Preserve the environment and prevent its degradation through responsible, sustainable practices during and after clearance operations.
- To deliver high-quality, sustainable, and cost-effective civil engineering solutions through innovation and excellence, while fostering long-term partnerships and contributing to the development of resilient infrastructure.
- Empower and engage ex-service personnel by leveraging their expertise, discipline, and experience in humanitarian missions.
- Foster national and international partnerships to advance mine action, environmental protection, and post-conflict recovery efforts.
- To provide reliable, high-performance equipment and unmatched service that meets the evolving needs of our clients across industries, ensuring operational efficiency, safety, and long-term value through quality products and trusted support.

# OUR JOURNEY

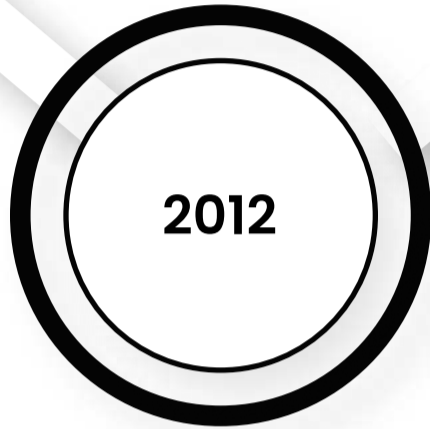

**Training Films for Army Engineers**

**NORM (Naturally Occurring Radiological Material) Survey at Kuwait**

**Ongoing UXO Survey & Investigation Projects**

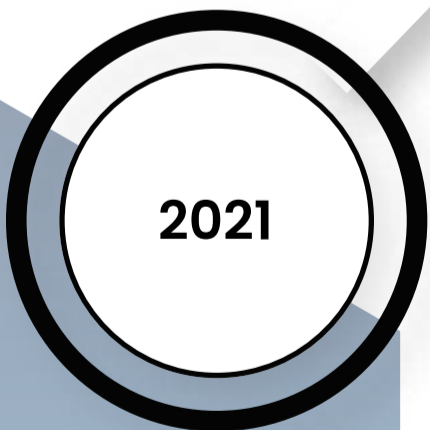

**FTTX Telecom Project at Qatar**

**Training of the Trainers for College of Military Engineering, India for AFINDEX-19**

**Army Engineers Training of the Trainers in India for FORCE 18 Exercise**

**Landmine & EO Clearance at Transcaucasia.**

**Hospitality Project at Maharaja Palace (North Indian Cuisine) Restaurant**

**2021-25**

**Kuwait Environment  
Remediation Program (KERP) &  
Sustainable Environmental  
Economic Development (SEED)  
Projects**

**2021**

**South Kuwait Excavation,  
Transportation &  
Remediation (SKETR)  
Zone 3 UXO Demining Project**

**2021**

**Corporate Training in  
Collaboration with  
Altair in Singapore**

**2022**

**Exclusive Distributor for  
GrapheneCR USA, in  
India, Qatar & Kuwait**

**2023**

**Soil Remediation  
Partnership with Biorem**

**2023**

**Training of the Trainers  
from College of Military  
Engineering for AFINDEX-23**

**2023**

**UXO Project South Kuwait  
Excavation, Transportation  
& Remediation II (SKETR II)  
Zone A & B**

**2023**

**Two Ground Truthing, Topographic and Utility Survey Projects in Zone A and Zone B under SKETR II**

**2024**

**Excavation & Transportation Project in Kuwait.**

**2023**

**UXO Clearance of Airport Surveillance Radar (ASR) Area in Ali Al Salem Airbase**

**2024**

**Training of the Trainers from College of Military Engineering**

**2025**

**Erection of Towers for 400KV Double Circuit O/H line in Kuwait."**

# MINE ACTION ASSIGNMENTS PAST AND CURRENT

Sri Lanka : 2003 - 2012

The organization has undertaken 16 projects in Sri Lanka (2003-2012) for landmines and UXOs clearance. Seven demining projects were funded by The Government of India. One of these projects was clearance along 107 km Railway Line. Nine demining projects were funded by The Royal Norwegian Government.

## Jordan : 2006-2007

Horizon executed a landmine and UXo Clearance project in Al Resha near Aqaba, Jordan in collaboration with our partner. This was the first time that any Indian organisation undertook a demining project in the Middle East.

## Transcaucasia 2021

Horizon carried out Landmine and Explosive Ordnance Clearance project in Transcaucasia in collaboration with our Partner.

## Kuwait : 2012 – Till Date

Following projects are being carried out or completed under Kuwait Environment Remediation Project (KERP) funded by United Nations in Kuwait Oil Company (KOC) Area.

Aug 2012 to March 2017

Geophysical Survey & clearance of UXOs, NORM (Naturally Occurring Radiological Material) Survey and UXO Anomaly Avoidance support for Soil Remediation Project undertaken by The Energy and Resources Institute (TERI), India.

Nov 2014 to Dec 2014

UXO Anomaly Avoidance Support for Soil Sampling Activity in South East Kuwait Oil Fields under AMEC, Kuwait.

May 2014 to April 2017

UXO/EOD Construction Support to GS Engineering, South Korea.

Sept 2016 to June 2018

UXO/EOD Construction Support to HERA Ambiental, Spain.

Oct 2016 to July 2017

EOD/UXO Project for Target Reacquisition and Intrusive Investigation for HERA AG Ambiental, Spain.

March 2017 to Aug 2017

EOD Support for UXO clearance work under Explomo Technical Services Pvt Ltd, Singapore.

Jan 2019 to April 2019

UXO/EOD Construction Support to PIKA International, Kuwait.

Oct 2021 (Ongoing)

UXO clearance in South Kuwait Excavation, Transportation & Remediation (SKETR) Project under Enshaat Al Sayer, Kuwait.

May 2023 (Ongoing)

Two UXO clearance projects in Zone A and Zone B under South Kuwait Excavation, Transportation & Remediation II (SKETR II) for Enshaat Al Sayer and Alghanim International, Kuwait.

May 2023 (Ongoing)

Two Ground Truthing, Topographic and Utility Survey Projects in Zone A and Zone B under South Kuwait Excavation, Transportation & Remediation II (SKETR II) for Enshaat Al Sayer and Alghanim International, Kuwait.

Oct 2024

UXO survey and clearance for Airport Surveillance Radar (ASR) System in Ali Al Salem Airbase

# COUNTER IED OPERATIONS

## Udaipur Palace

We offer holistic security solution as well as sanitization of the premises. The HORIZON team sanitised the famous Udaipur Palace In Rajasthan, India in 2008.

## Bombay Stock Exchange

Post Mumbai Blast in Nov 2008  
Horizon Sanitised the prestigious  
Bombay Stock Exchange.

# TRAINING

Results come when leaders are equipped with the right skills, tools and processes and are motivated to do the right activities at the right time.

## MINE ACTION TRAINING

Horizon has a well qualified pool of instructors for imparting specialized training to security forces in various combat related activities pertaining to detection, neutralization and disposal of landmines, IEDs and explosives.

Mine Action training to Indian Army Teams going overseas has been conducted regularly since 2006.

Training of the Trainers from College of Military Engineering is also being conducted regularly since 2008 including training for multinational exercises like FORCE 18 and AFINDEX.

# COUNTER IED TRAINING

## IED TRAINING

Bomb Detection & Disposal Squad (BDDS) for Maharashtra Police Training was conducted in 2008. We also carried out training of trainers of Indian Police in 2009-2010 .

## SECURITY TRAINING

We also specialise in upgrading skill at shooting, field craft, physical training and unarmed combat.

# CIVIL WORK

## Earth Work

HORIZON has specialized earth moving teams equipped with earth moving plants. The HORIZON Teams of Ex-Servicemen have successfully carried out earth moving operations at the prestigious construction site of Lavasa near Pune.

## Heavy Machinery operations

As part of Kuwait's Environmental Remediation Program support activities, Horizon has operated a wide range of earth-moving equipment. We have successfully completed the movement and treatment of huge quantities of soil.

## EXCAVATION & TRANSPORTATION WORK

- Recognised for its outstanding performance in UXO Survey and Clearance, Horizon Assignments was entrusted with an expanded scope of work by Al-Ghanim International under the South Kuwait Excavation, Transportation, and Remediation Project II – Zone B.
- The additional awarded scope includes:
  - Excavation and loading of 1,000,000 square meters of dry oil lakes, and Mixing, excavation and loading of 250,000 square meters of wet oil lakes.
  - This continued collaboration underscores Horizon's proven capability and trusted expertise in complex remediation operations across Kuwait.

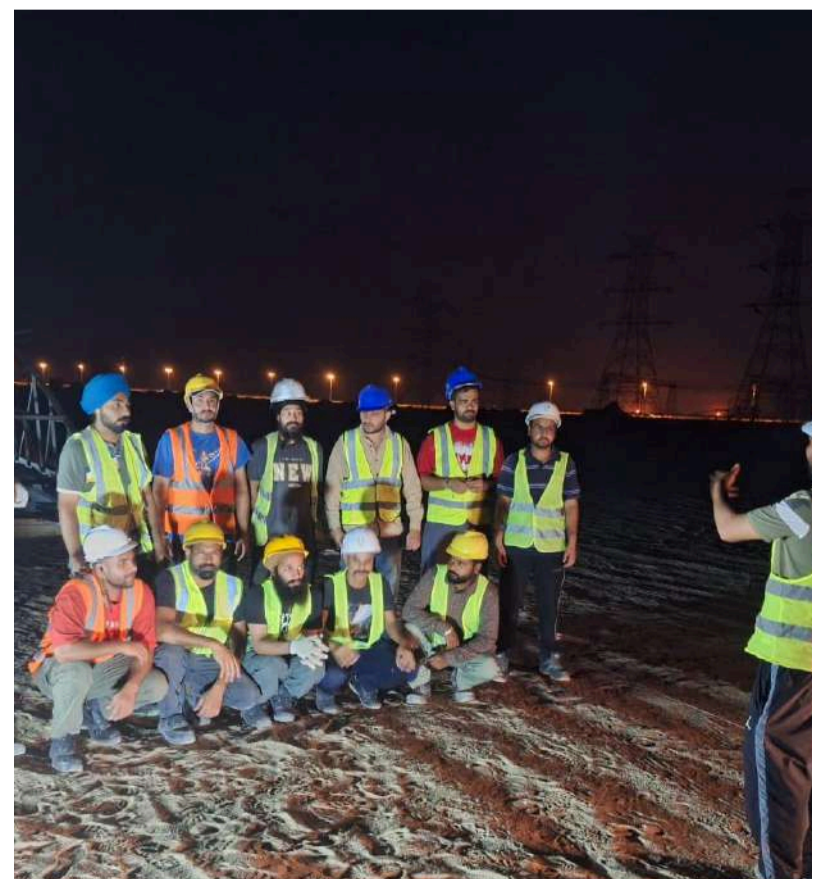

## High Tension Electricity Transmission Line Tower Erection

- In collaboration with Kalpatru Power Transmission Ltd and M/s Anar, our team at Horizon Assignments delivered a comprehensive solution for the design-through-delivery phase of a high-voltage transmission tower erection project in Wafra, Kuwait. Our scope encompassed the fabrication support, surface preparation & painting, precise assembly, and final erection of the tower structure. Emphasising quality, safety and schedule adherence, we ensured seamless coordination between the site team, our fabricator and Kalpatru's engineering group, enabling efficient execution in challenging desert conditions.
- During the assembly and erection phase, Horizon took responsibility for detailed site logistics, rigging, lifting and alignment of tower segments, and final torqueing of connections, working closely under the supervision of Mr Madhu from M/S Anar. Concurrently, our painting team applied corrosion-resistant coatings as per specification, protecting the structure against the harsh Kuwaiti climate and extending the asset's lifecycle. Through proactive planning, we mitigated potential delays, maintained strict safety protocols and supported Kalpatru's main contractor interface effectively.

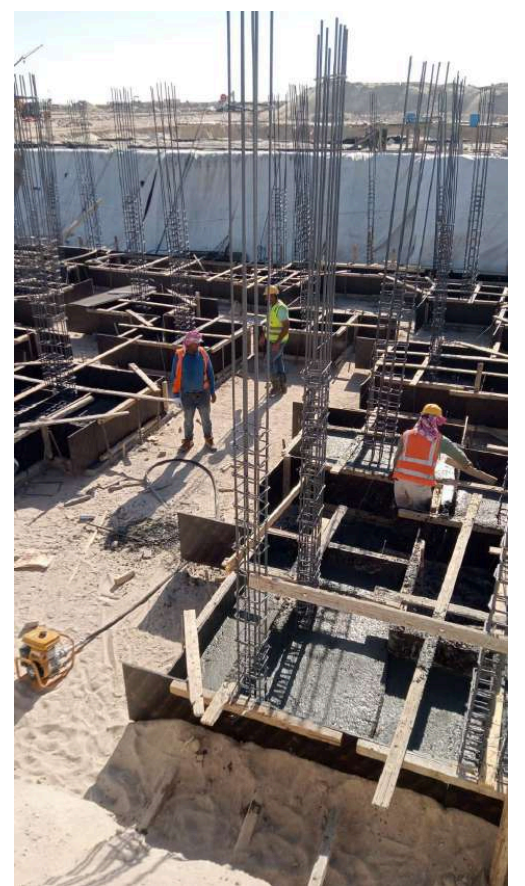

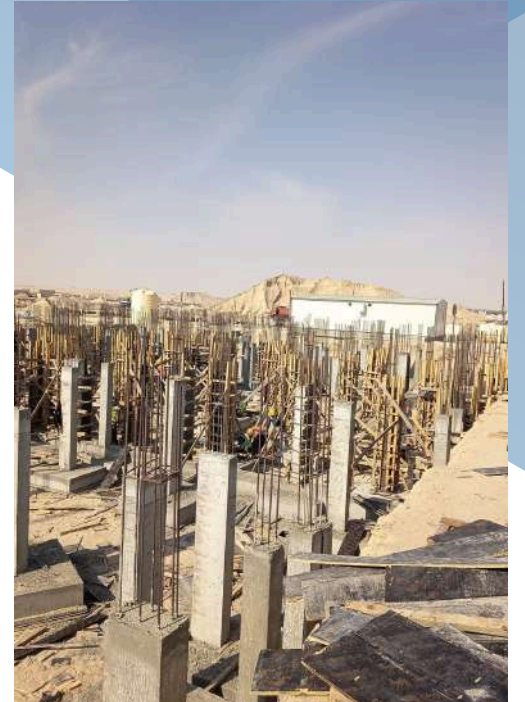

## High Tension Electricity Transmission Line Tower Erection

- This project not only reinforced Horizon's reputation in Kuwait's infrastructure sector, but also demonstrated our capability to integrate specialist services (painting, assembly and erection) in partnership with major industry players. The successful completion in Wafra bolsters our credentials for future complex tower-erection assignments in the region, while underscoring our commitment to delivering high-quality outcomes in collaboration with Kalpatru and M/s Anar.

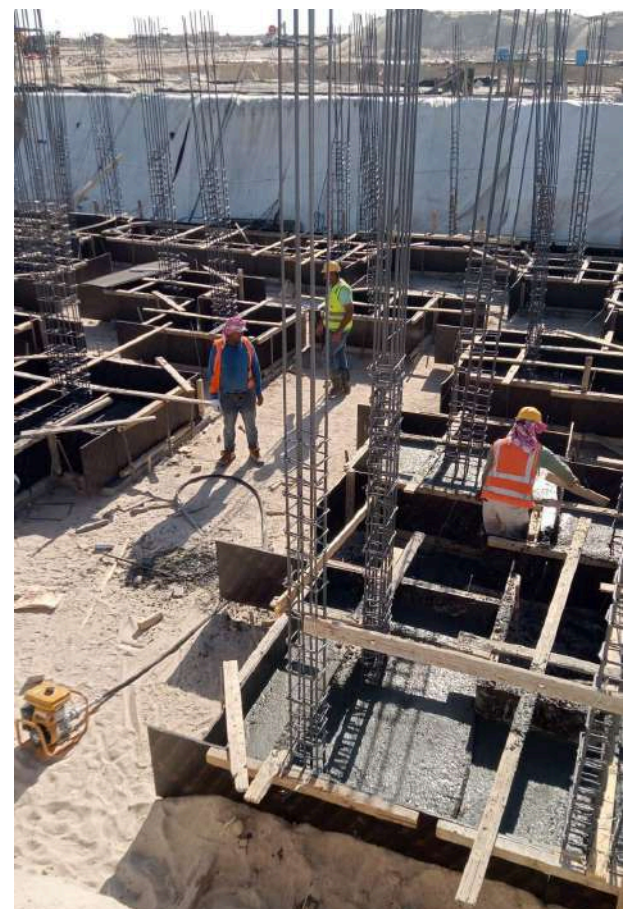

## CIVIL WORKS FOR RECAFCO

- Horizon is proud to serve as a key delivery partner for Real Estate Construction & Fabrication Co. (RECAFCO) in one of Kuwait's flagship housing developments. The project comprises civil engineering works for 94 modern villas, forming a significant part of the national housing programme being executed by the Public Authority for Housing Welfare.
- Every villa is constructed with an emphasis on longevity, workmanship and safety. Horizon maintains a strong HSE culture supported by daily briefings, safe-work procedures, and environmental care in all operations.
- The RECAFCO–Horizon partnership reflects trust, capability and a shared commitment to building modern communities for Kuwait's future.

## CIVIL WORKS FOR CHINA FIRST HIGHWAY ENGINEERING CO. LTD.

- Horizon is undertaking a major civil engineering assignment for China First Highway Engineering Co. Ltd., delivering 72 villas within Kuwait's large-scale national housing programme. The project represents an important contribution to one of the country's largest residential development initiatives.
- The project is guided by Horizon's longstanding commitment to robust construction practices, worker safety and dependable delivery. Every activity is executed with care, discipline and respect for client expectations.
- Horizon's collaboration with China First Highway Engineering Co. Ltd. underscores our ability to partner seamlessly with global contractors and deliver high-quality civil infrastructure at scale.

# EQUIPMENT SUPPLY

## EARTH MOVING PLANTS (Armoured/Unarmoured)

**BACKHOE**

**DOZER**

**GRADER**

**EXCAVATOR**

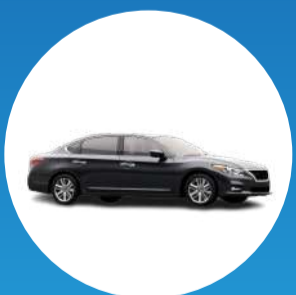

**FRONT LOADER**

**LOADER**

## VEHICLES

**LIGHT VEHICLES  
SEDAN/SUV/PICK UP**

**HEAVY VEHICLES  
BUS/ DUMPER**

**AMBULANCE**

# RESOURCES – FIELD EQUIPMENTS OWNED BY HORIZON

## PROTECTIVE EQUIPMENT

Bullet Proof Jacket

Helmet with Visor

Demining Vest

Demining Boots

## DETECTION EQUIPMENT

Scheibel Mine Detector ATMD

Mine Detector DS1-M

Prodder

LLM Detector

UPX 740M Large Loop - Set

EM 61 MK 2(HP)

EM 63 Towed Array

## SURVEY & MISCELLANEOUS EQUIPMENT

Drone

GPS

DGPS Trimble

Ground Preparation Machine

# CORPORATE TRAINING

## LEADERSHIP TRAINING

- Situational Leadership
- Experiential Learning
- Improve Productivity
- Influence Teams
- Implement Strategies
- Critical Decision Making Skills
- Leadership Competency

## FUNCTIONAL TRAINING

- HR Function
- Sales
- Supply Chain Management
- Finance
- Finance for Non-Finance
- Microsoft Office
- Performance Coaching
- On the Job Training/Coaching

## BEHAVIOURAL TRAINING

- Business Communication
- Personal Effectiveness
- Interpersonal Skills
- The New Age Selling
- Managing Stress
- Live Clutter Free

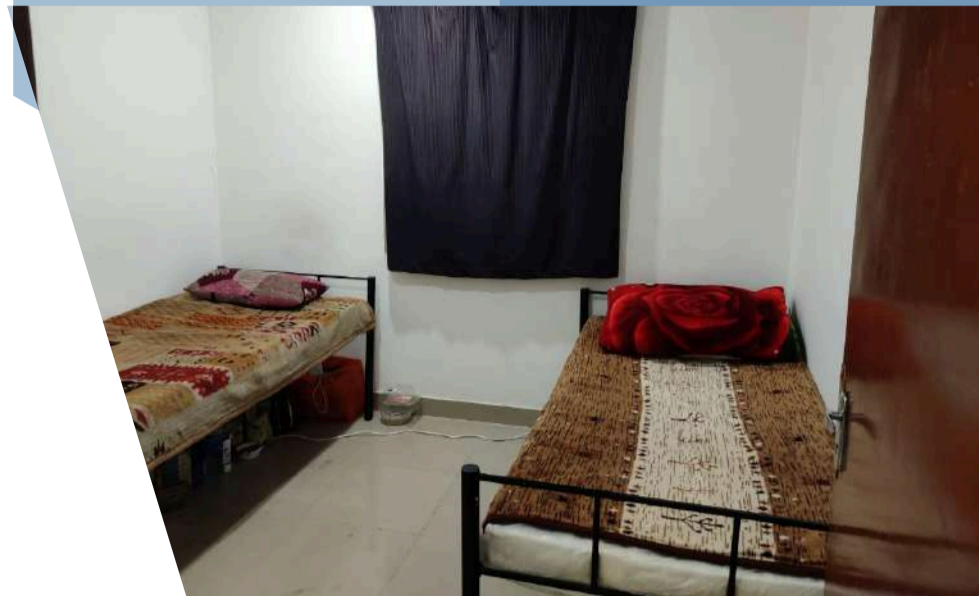

# TELECOM

HORIZON has undertaken telecommunication project in Qatar. Project involved deploying manpower to execute the OSP, ISP Survey, Installation and Migration Works (Underground Cable, B2H and overhead Cables) for FTTX projects at various locations in the state of Qatar.

# FACILITY & ADMINISTRATIVE SUPPORT

Our team has efficiently supported up to 250 personnel simultaneously, offering complete administrative support, including accommodation, furnishings, kitchen services, and transportation.

**FULLY FURNISHED ACCOMODATION**

**Catering**

**Gymnasium**

# MANPOWER SUPPLY

Horizon is Supplying & Recruiting Manpower locally and from overseas. All our overseas-partners are Government Approved License holders.

We undertake complete packages from selection to mobilization from country of origin to Kuwait.

Horizon takes great care in identifying qualified, trained and experienced personnel.

**Certifications**

**Staff Training**

# HORIZON KITCHEN – HEALTH IS WEALTH

At Horizon Kitchen, we believe that good food is the foundation of a healthy life. Guided by our slogan "Health is Wealth," we serve and deliver fresh, nutritious, and flavorful vegetarian meals across Kuwait

From daily Ala carte menu, thalis ,snacks,chaat items and karak chai everything we prepare is crafted with care and quality ingredients. We offer reliable meal delivery and convenient takeaway.

We also specialize in comprehensive catering services for:

- Parties & social events
- Industrial sites & labor camps
- Offices & residential buildings
- On-site catering with custom menus

We are here to keep your team and guests well-fed, satisfied, and energized.

📍 Mahboula Block 2, Street 208,  
Phone no.00965-51174315

# RENEWABLE ENERGY

Horizon along with its sister company Arnima Ventures LLP (AV-Energies) has the capability to execute solar renewable energy projects. This includes designing the system which is understanding of photovoltaic (PV) systems, solar panel types, inverters, battery storage, etc. Further to this it also includes Electrical, civil, and structural engineering for installation and integration. Horizon team does the site assessment in order to gauge the solar irradiance analysis, shading analysis, and load calculations. Based on these calculations we handle end to end turnkey projects.

Horizon also has the capability of repairing solar battery which is a specialised task.

# GEOSPATIAL ANALYSIS

Horizon has a highly qualified team with state of the art equipment to carry out advanced Geospatial Analysis. Geospatial analysis refers to the collection, manipulation, and interpretation of geographic information to gain insights and make informed decisions. Land surveying, ground truthing, and GIS (Geographic Information System) are all important components of geospatial analysis, as they involve the acquisition, validation, and management of spatial data.

Geospatial analysis has a wide range of applications, including urban planning, natural resource management, emergency management, and many others.

## APPLICATION OF GIS

### **Coastal Zone Management and Mapping:**

Coastal zone management refers to the process of managing the various features of the Earth's landscape.

### **Environment and Climate Change:**

Geographic Information Systems (GIS) are tools that help organizations monitor the environment through satellite images.

### **Infrastructure Management:**

Geographic information systems are used for the design and construction of infrastructure.

### **Land Management and Reform:**

Geographic Information Systems (GIS) are tools that allow land managers to quickly visualize and analyze the changes in land use options.

### **Natural Disaster Monitoring:**

Geographic Information Systems are commonly utilized in the management of natural disasters, such as flood control, landslides, soil erosion, and earthquake.

### **Urban Planning:**

With the help of GIS technology, urban planners can now visualize and analyze the various data sources they collect and can thus make informed decisions regarding the planned projects.

## APPLICATION OF GROUND TRUTHING

**ENVIRONMENT:** Collecting Environmental Value of Soil, Water, and air to evaluate the quality of specific site.

**WATER MANAGEMENT:** testing the Water quality in different checkpoints to help improve the treatment Process.

**FORESTRY:** Early detection of trees anomalies and sickness.

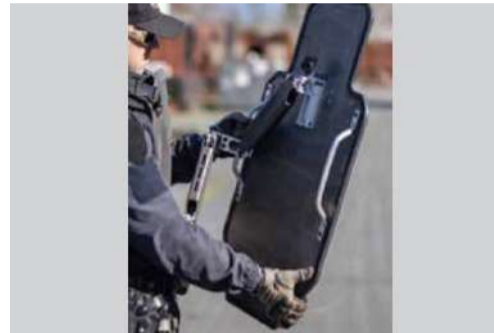

**MINES & NATURAL RESOURCES:** improve the quality of the extractable (Oil, coal, Cement, Etc. )

**AGRICULTURE:** Sampling & evolution of the vital parameters of corps and plants.

# GRAPHENE

## Graphene - The Miracle Material

Since its discovery in 2004, graphene has been a hot topic in Chemistry and Material Science. With such amazing properties, no wonder graphene is being researched for diverse applications such as asphalt, concrete, paints, polymers, water filtration, electronics, rubber & elastomers, inks, cosmetics, textiles, 3D printing, medical & biotech, batteries, and more. Horizon is the authorised distributor of various graphene example (Monolayer Sheet/ laminate, Flakes/ Nanoplatelets / GrapheneOxide(GO) / Reduced GrapheneOxide(RGO))

## Common uses of Graphene

### Construction Materials

- Concrete
- Cellular Concrete
- Asphalt

### Coating

- Marine Paints
- Sealants
- Automotive
- Architecturals

### Energy Storage

- Batteries
- Super Capacitors
- Pipes, Plumbing & Fittings
- Composite Materials
- Polymer Products

# IMPORTANT EVENTS

Late Shri APJ Abdul Kalam Former President of India Presenting Shanmukhanda Award to Horizon.

Late Smt Sushma Swaraj, Former Minister of External Affairs on visit to Horizon Site in Sri Lanka.

Gen V K Singh, PVSM, AVSM, YSM, ADC Former Chief of Army Staff & Former Minister of State for External Affairs at Horizon Site in Sri Lanka.

Horizon conducted a side event at the UN Headquarters in Geneva in Sep 24 during the annual conference of Amended Protocol II and Protocol V of the CCW.

IIFOMAS debuted on 14 November 2024 at New Delhi's Manekshaw Center with a symposium titled "Mine Action: Pathways to a Safer World," organized by Horizon Group in collaboration with ICWA and CLAWS.

**Horizon Director at KOC-TERI Contract Signing Ceremony Kuwait**

**Chairman Col Navneet Mittal had the honour of interacting with Prince Mired Bin Ra'ad Bin Zeid Al-Hussein of Jordan during 21st international at NDM-UN and again at the Siem Reap- Angkor Summit for a Mine free World in Cambodia in Nov 2024.**

**Horizon Chairman and Directors at International Meeting of National Mine Action Programme Directors and United Nations Advisers (NDM-UN) held at the United Nations Headquarters.**

# Certificate of Registration

This certificate has been awarded to

**Horizon Assignments (India) Pvt. Ltd.**

0301, Stilt Floor 3, Tower B6, Blue Ridge Township, Hinjewadi Phase 1, Pune,  
Maharashtra, 411057, India

in recognition of the organization's Quality Management System which complies with

**ISO 9001:2015**

The scope of activities covered by this certificate is defined below

**Mine Action, Provision of EOD's, Trading of Engineering Goods and Services  
Pertaining to Mine Action**

Certificate Number **42641/A/0001/UK/En**

A certificate number of 0001, confirms the Client has a single site Certified & the site is their Head Office or Main site in relation to the Certified scope with URS. A certificate number of 0002, or greater (e.g.: 0002/B/0002/UK/En) refers to a client that has more than one site certified with URS, as such, the following statement shall apply - "The validity of this certificate depends on the validity of the main certificate".

Date of Issue of Certification Cycle	Issue Number	Certificate Expiry Date	Certification Cycle
20 November 2025	7	12 November 2028	6
