

MATLA ALKHALEEJ GENERAL TRADING CO.

AGENT IN KUWAIT FOR

INTRODUCTION

Matla Alkhaleej General Trading Co., proudly based in Kuwait, is a dynamic and diversified company engaged in a broad spectrum of activities contributing to the nation's growth.

Rooted in a commitment to excellence and guided by the values of integrity and progress, Matla Al Khalij has been instrumental in delivering vital infrastructure development projects that support Kuwait's vision for the future while honoring its rich heritage.

As the appointed agent in Kuwait for Horizon, a globally recognized organisation with an impressive portfolio of projects worldwide and Biorem Solution India Pvt. Ltd., a renowned company specializing in soil remediation and environmental restoration, Matla Al Khalij brings world-class expertise, innovative technologies, and proven international experience to the Kuwaiti market. Through these strategic partnerships, Matla Al Khalij is uniquely positioned to deliver comprehensive, sustainable, and cost-effective solutions for mine action, UXO clearance, environmental remediation and related engineering challenges across the region.

Further strengthening our capabilities, Energy and Water International FZE, operating under the umbrella of Matla Al Khalij, complements our mission with specialized knowledge and advanced solutions in energy and water-related construction.

The synergy between Matla, Horizon, Biorem and Energy and Water International underscores our collective strength, enabling us to deliver superior, high-quality construction projects that stand as enduring symbols of progress.
